LET US SAVE OUR WORLD FROM CANCER

An "ISO 9001:2015" Organization

Getting Started

This booklet is designed to help patients with cancer and their family members to get the most out of their relationship with their treating D.S. Research Centre team.

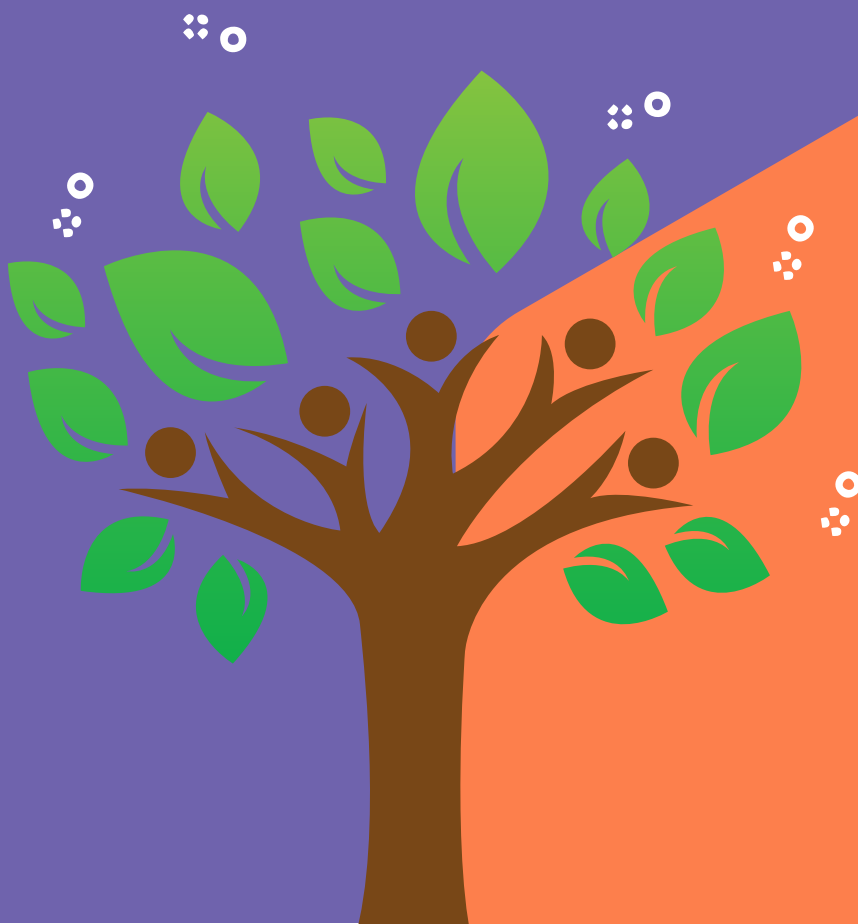

Our team are dedicated to helping people deal with the challenges of their illness and to get the very best possible out of their lives. This booklet has been developed to

help you communicate with your treating D.S. Research Centre team, and to help you address a wide range of issues that are relevant both for you as a patient living with cancer which may in advanced or pre stage. We hope and trust that you will find this booklet helpful. Should you wish to offer feedback or make suggestions for future editions,

- DSRC International Patient care is formed with the sole objective to facilitate international patients and to attend to their queries to get DSRC ancient ayurveda based nutrient energy treatment at the ease of staying at home. A highly professional team is given the responsibility of providing personalised attention to each international patient.

- Our International patient care center, helping patients from all over the world, including patients from the US, UK, Australia, Africa, Canada, Muscat, Germany, Holland, and the Middle East. **It is advisable kindly check availability of local FEDEX international courier and request him to pick up the medicine from our Kolkata clinic, from our side will provide all the necessary documents to carry the package at your destination.**

You will be required to share **your medical history and recent reports for the initial assessment**. If you have your details in any standard **Electronic Health Record System** you can share the same. Our doctors review your details and advise you accordingly,. Our international patient desk will be glad to assist you with any information that you might want to know about our doctors, procedure details or any other clarification regarding your treatment.
